## WORK HISTORY

### ELIZABETH MACARTHUR HIGH SCHOOL

*IT Assistant / Sydney, New South Wales / February 2018 - Current*

As an IT assistant it is my duty to manage the various assets of the school, including laptops, desktops and printers. I am to look after and repair them as required, ensure they are kept track of and are always in their correct locations, and are up to date in terms of software. Furthermore, I am in charge of multiple rooms across the school grounds, which act as storage spaces for unused or broken assets. It is my job to ensure these rooms remain organised and are only used for their intended purpose of storing certain assets.
